Premier Independent Medical Evaluations in New York State

Your NYS Partner for Unbiased, Expert Medical Opinions.

THE PROBLEM: Insurance carriers, legal professionals, and employers consistently face hurdles navigating complex medical claims. Managing multiple IME providers can lead to inconsistent quality and increased administrative burden. Large, national IME companies can mean long wait times, less personalized service, delayed resolutions, and inflated costs.

THE SOLUTION: American Assessments is your single point of contact for all your Independent Medical Evaluation needs in New York State. We provide streamlined, expert IME services, resulting in a seamless end-to-end experience.
